G.O. No.	2998
Dated.	4TH JUNE 1948.

[Despatch Abstract.]

ANIMAL HUSBANDRY - Sera and Vaccines - Quarterly Forecast of the requirements of the Biological products manufactured at the Indian Veterinary Research Institute - Furnishing of - Instructions.

No.5-59/48-L.
Government of India
Ministry of Agriculture
New Delhi, dated the 13th ~~25th~~ May 1948.

From

V.S.Krishnaswami, Esqr.,
Deputy Secretary to Government of India.

To-

1. All Provincial Governments, Chief Commissioners Provinces and Major Indian States.

Subject:- QUARTERLY FORECASTS OF THE REQUIREMENTS OF THE BIOLOGICAL PRODUCTS MANUFACTURED AT INDIAN VETERINARY RESEARCH INSTITUTE.

Sir,

I am directed to state that one of the important functions of the Indian Veterinary Research Institute, Izatnagar is to manufacture, keep in reserve and supply various biological products which are required for the protection of livestock against epidemic diseases. Before manufacturing and stocking the biological products it is necessary for the Director of Institute to collect all the requisite chemicals, reagents, animals etc., and it becomes difficult to make all the necessary arrangements for the purpose at short notice owing to the prevailing market conditions and transport difficulties. Moreover, the various processes involved in the manufacture and testing of the biological products take a considerable time. It is therefore considered necessary that your estimated requirements of these biological products are furnished to the Director of the Institute regularly every quarter. These estimates should reach the Director Indian Veterinary Research Institute in the first week of January April, July and October every year and should cover the period April to June, July to September, October to December and January to March respectively so that he may have three months advance notice of your requirements. These estimates will enable him to arrange the programme of manufacture so as to eliminate all avoidable delay in making the supplies to Indentors. I am to request that the estimates may be furnished to the Director with immediate effect.

I have the honour to be,
Sir,
Your most obedient servant,

Sd/-
Deputy Secretary.

Copy forwarded to the Director, Indian Veterinary Research Institute, Izatnagar for information with reference to his letter No.2758, dated 23rd April 1948.
